

1. Product and Company Identification

Product name CLEARASIL® ULTRA Rapid Action Treatment Lotion for Face, Chest, & Back
CAS # Mixture
Product use This MSDS is designed for workplace employees, emergency personnel and for other conditions and situations where there is a greater potential for large-scale or prolonged exposure, in accordance with requirements of the U.S. Government's Occupational Safety and Health Administration (OSHA).
 This MSDS is not applicable for consumer use of our products. For consumer use, all precautionary and first aid language is provided on the product label in accordance with the applicable government regulation.

Product Use Face wash and Mask

Distributed by Reckitt Benckiser
 Morris Corporate Center IV
 399 Interpace Parkway

2. Hazards Identification

Emergency overview This product is regulated by the US FDA as an over-the-counter, monograph drug.

Warnings: For external use only.
 When using this product: Avoid contact with the eyes.
 If product gets into the eyes, rinse thoroughly with water.
 Using other topical acne products at the same time or immediately following use of this product may increase dryness or irritation of the skin.
 If this occurs, only one acne medication should be used unless directed by your doctor.
 Limit use to the face and neck, chest and back.
 Stop use and ask a doctor if skin or eye irritation develops.
 If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
 If swallowed, get medical help or contact a Poison Control Center immediately.

KEEP OUT OF REACH OF CHILDREN.

Potential short term health effects

Routes of exposure Eye, Skin contact, Inhalation, Ingestion.
Eyes Avoid contact with eyes.
 May cause eye irritation.
Skin Prolonged exposure may cause skin irritation.
 Not expected to be a skin sensitizer.
Inhalation Unlikely to cause respiratory effects.
Ingestion Ingestion may cause gastrointestinal irritation.
Target organs Eyes. Skin.
Chronic effects The finished product is not expected to have chronic health effects.

Signs and symptoms
OSHA regulatory status

Symptoms may include redness, edema, drying, defatting and cracking of the skin.
This acne product is in compliance with Title 21 of the Code of Federal Regulations, Part 207 and meets the regulatory requirements outlined in the OTC Monograph under 21 CFR Part 333D.

3. Composition/Information on Ingredients

Components	CAS #	Percent
Butylene glycol	107-88-0	2.5 - 10
Cetyl Alcohol	36653-82-4	2.5 - 10
Octyldodecanol	5333-42-6	2.5 - 10
Steareth-2	9005-00-9	2.5 - 10
Salicylic acid	69-72-7	1 - 2.5

4. First Aid Measures

First aid procedures

Eye contact	Stop use and ask a doctor if eye irritation develops. Check for and remove any contact lenses. Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting upper and lower eyelids. Get medical attention if symptoms occur.
Skin contact	Skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. Stop use and ask a doctor if skin irritation develops.
Inhalation	Move exposed person to fresh air. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Get medical attention if symptoms occur.
Ingestion	If swallowed, get medical help or contact a Poison Control Center immediately. Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

Notes to physician

Treat patient symptomatically.

General advice

If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes. Keep out of reach of children.

5. Fire Fighting Measures

Flammable properties	Not flammable by OSHA criteria.
Extinguishing media	
Suitable extinguishing media	Water spray. Foam. Dry chemical. Sand.
Unsuitable extinguishing media	Not available
Protection of firefighters	
Specific hazards arising from the chemical	Not available
Protective equipment and precautions for firefighters	Firefighters should wear full protective clothing including self contained breathing apparatus.
Hazardous combustion products	May include and are not limited to: Oxides of carbon.
Explosion data	
Sensitivity to mechanical impact	Not available.
Sensitivity to static discharge	Not available.

6. Accidental Release Measures

Personal precautions	Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep unnecessary personnel away. Floors may become slippery.
-----------------------------	---

Environmental precautions	Do not discharge into lakes, streams, ponds or public waters. Advise authorities if product has penetrated drains, sewers or water pipes.
Methods for containment	Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas.
Methods for cleaning up	Before attempting clean up, refer to hazard data given above. Small spills may be absorbed with non-reactive absorbent and placed in suitable, covered, labelled containers. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice. Never return spills to original containers for re-use.

7. Handling and Storage

Handling	Ensure adequate ventilation. For external use only. Avoid contact with eyes. When using do not eat or drink. Use according to package label instructions. Limit use to the face and neck.
Storage	Keep out of reach of children. Keep container tightly closed. Keep in original container. Store between 5°C and 40°C in a well-ventilated place away from sources of heat and direct sunlight. Keep from freezing.

8. Exposure Controls/Personal Protection

Exposure limits	There are no established ACGIH or OSHA PEL exposure limits for the hazardous chemicals listed in section 3 of the MSDS.
Engineering controls	Not normally required if good ventilation is maintained.
Personal protective equipment	Consult the product label for special protection or precautions that have been identified for using this product under directed consumer use conditions. The following recommendations are given for workplace employees, emergency personnel and for other conditions and situations where there is a greater potential for large-scale or prolonged exposure.
Eye / face protection	Not normally required under normal use conditions. When handling in large quantities or responding to emergency situations, the use of appropriate eye protection is recommended.
Hand protection	Not required. When handling in large quantities or responding to emergency situations, the use of appropriate skin protection is recommended.
Skin and body protection	No special requirements under normal use conditions.
Respiratory protection	Not normally required under normal use conditions.
General hygiene considerations	Avoid contact with eyes. Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink.

9. Physical and Chemical Properties

Appearance	Liquid
Color	Off white
Form	Liquid
Odor	perfumed
Odor threshold	Not available.
Physical state	Liquid.
pH	3.5 - 4.5
Freezing point	Not available.
Boiling point	Not available
Pour point	Not available.
Evaporation rate	Not available
Flash point	Not available
Auto-ignition temperature	Not available

Flammability limits in air, upper, % by volume	Not available
Flammability limits in air, lower, % by volume	Not available
Vapor pressure	Not available.
Vapor density	Not available
Specific gravity	0.96 - 1.06
Partition coefficient (n-octanol/water)	Not available
Solubility (water)	Soluble/Miscible
Relative density	Not available.
Viscosity	Not available.
VOC	Not available
Percent volatile	Not available

10. Stability and Reactivity

Reactivity	This product may react with strong oxidizing agents.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Chemical stability	Stable under recommended storage conditions.
Conditions to avoid	Do not mix with other chemicals. Extreme heat and freezing temperatures.
Incompatible materials	Acids. Oxidizers.
Hazardous decomposition products	May include and are not limited to: Oxides of carbon.

11. Toxicological Information

Toxicological data

Components	Species	Test Results

Effects of acute exposure

Eye contact	Avoid contact with eyes. May cause eye irritation.
Skin contact	Prolonged exposure may cause skin irritation. Not expected to be a skin sensitizer.
Inhalation	Unlikely to cause respiratory effects.
Ingestion	Ingestion may cause gastrointestinal irritation.
Sensitization	The finished product is not expected to have chronic health effects.
Chronic effects	The finished product is not expected to have chronic health effects.
Carcinogenicity	The finished product is not expected to have chronic health effects.
Mutagenicity	The finished product is not expected to have chronic health effects.
Reproductive effects	The finished product is not expected to have chronic health effects.
Teratogenicity	The finished product is not expected to have chronic health effects.
Name of Toxicologically Synergistic Products	Not available.

12. Ecological Information

Ecotoxicity Components of this product have been identified as having potential environmental concerns.

Ecotoxicological data

Components	Species	Test Results
Octyldodecanol (CAS 5333-42-6)		
Algae	IC50	Algae
		100 mg/L, 72 Hours
Salicylic acid (CAS 69-72-7)		
Crustacea	EC50	Daphnia
		105 mg/L, 48 Hours

Persistence and degradability Not available.

Bioaccumulation / Accumulation	Not available
Mobility in environmental media	Not available.
Environmental effects	Not available.
Aquatic toxicity	Not available.
Partition coefficient Salicylic acid	2.26
Chemical fate information	Not available.

13. Disposal Considerations

Disposal instructions	Review federal, provincial, and local government requirements prior to disposal. Do not dispose of large quantities down the drain.
Waste from residues / unused products	Not available
Contaminated packaging	Not available

14. Transport Information

15. Regulatory Information

Occupational Safety and Health Administration (OSHA)

29 CFR 1910.1200 hazardous chemical Yes

US federal regulations This acne product is in compliance with Title 21 of the Code of Federal Regulations, Part 207 and meets the regulatory requirements outlined in the OTC Monograph under 21 CFR Part 333D.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

US CAA Section 111 Volatile Organic Compounds: Listed substance

Butylene glycol (CAS 107-88-0) Listed.

Cetyl Alcohol (CAS 36653-82-4) Listed.

Salicylic acid (CAS 69-72-7) Listed.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

CERCLA (Superfund) reportable quantity

None

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories Immediate Hazard - Yes
Delayed Hazard - No
Fire Hazard - No
Pressure Hazard - No
Reactivity Hazard - No

Clean Water Act (CWA) Hazardous substance

State regulations This product is not subject to warning labeling under the California Proposition 65 regulation.

US - Texas Effects Screening Levels: Listed substance

Butylene glycol (CAS 107-88-0) Listed.

Cetyl Alcohol (CAS 36653-82-4) Listed.

Octyldodecanol (CAS 5333-42-6) Listed.

Salicylic acid (CAS 69-72-7) Listed.

US. Massachusetts RTK - Substance List

Not regulated.

US. Pennsylvania RTK - Hazardous Substances

Not regulated.

US. Rhode Island RTK

Not regulated.

Country(s) or region	Inventory name	On inventory (yes/no)*
United States & Puerto Rico	Toxic Substances Control Act (TSCA) Inventory	Yes

*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

1. Other Information

Disclaimer	This product should only be used as directed on the label and for the purpose intended. To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
