2. Hazards Identification

Emergency Overview

This product is regulated by Health Canada as a personal care cosmetic. Extensive testing has been completed to show that it is safe and effective when used as directed.
PRECAUTIONS:

Retain outer pack and leaflet for other precautions. Read and follow all precautions and directions before use.

Suitable for use on the legs, arms, underarms and bikini line. NOT SUITABLE for use on head, face eyes, nose, ears, around the anus, genitals and nipples or any other body parts.

Do not use on varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or on skin that has had an adverse reaction to waxes in the past.

Always leave 72 hours between hair removal sessions.

Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder.

Waxing is not suitable for the elderly and diabetics or people taking oral retinoids.

If you have not waxed before, we recommend you start by removing hair from your legs. Before use make sure your skin is dry, non-irritated, and free of creams, oils or deodorant.

Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use. If you experience any tingling during use, remove the product immediately using the back of a used strip, Perfect Finish wipe or baby oil and then rinse thoroughly with cold water.

If a burning sensation persists, seek medical advice. Skin may be more sensitive for a short time after use, so avoid scratching. After use we recommend waiting 24 hours before using anti-perspirant, any other perfumed product, using artificial tanning equipment, swimming or sunbathing.

In case of ingestion, seek medical advice immediately and show outer pack. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Waxing is suitable for pregnant women but may cause bruising.

Keep out of reach of children.

Potential short term health effects

Routes of exposure	Eye, Skin contact, Inhalation, Ingestion.
Eyes	No risks anticipated in normal use.
Skin	No risks anticipated in normal use. Not expected to be a skin sensitizer.
Inhalation	No risks anticipated in normal use.
Ingestion	No risks anticipated in normal use.
Target organs	Eyes. Kidney. Respiratory system. Skin.
Chronic effects	The finished product is not expected to have chronic health effects.
Signs and symptoms	Symptoms may include redness, oedema, drying, defatting and cracking of the skin.
Potential environmental effects	See section 12.

3. Composition/Information on Ingredients

Ingredient(s)	CAS #	Percent
Titanium dioxide	13463-67-7	0.1 - 1
Silica, amorphous, fumed	7631-86-9	1 - 5

4. First Aid Measures**First aid procedures**

Eye contact	Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
Skin contact	Product intended to be used on skin. If irritation develops, wash off with soap and water. If a burning sensation persists, seek medical advice.
Inhalation	Not an anticipated route of exposure.
Ingestion	In case of ingestion, seek medical advice immediately and show outer pack. DO NOT INDUCE VOMITING. Wash mouth out with water.
Notes to physician	Treat patient symptomatically.
General advice	If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes. Keep out of reach of children.

5. Fire-fighting Measures

Flammable properties	Not flammable by WHMIS criteria.
Extinguishing media	
Suitable extinguishing media	Foam. Dry chemical.
Unsuitable extinguishing media	Do not use water jet.
Protection of firefighters	
Specific hazards arising from the chemical	Not available.
Protective equipment for firefighters	Firefighters should wear full protective clothing including self contained breathing apparatus.
Hazardous combustion products	May include and are not limited to: Oxides of carbon.
Explosion data	
Sensitivity to mechanical impact	Not available
Sensitivity to static discharge	Not available

6. Accidental Release Measures

Personal precautions	None known.
Environmental precautions	Do not discharge into lakes, streams, ponds or public waters. Advise authorities if product has penetrated drains, sewers or water pipes.
Methods for containment	Not applicable.
Methods for cleaning up	Pick up and discard paper.

7. Handling and Storage

Handling	Avoid contact with eyes. Use good industrial hygiene practices in handling this material. Use according to package label instructions.
Storage	Store containers upright and closed. Store at 5-25°C. Keep out of reach of children. Keep from freezing. Excursions: 60°C - Not more than 5 days. 50°C - Not more than 4 weeks. 40°C - Not more than 8 weeks. Do not store below -20°C.

8. Exposure Controls / Personal Protection

Exposure limit values

Ingredient(s)	Exposure limit values
---------------	-----------------------

Silica, amorphous, fumed	ACGIH-TLV Not established
--------------------------	-------------------------------------

Titanium dioxide	ACGIH-TLV TWA: 10 mg/m ³
------------------	---

Engineering controls	General ventilation normally adequate.
-----------------------------	--

Personal protective equipment

Consult the product label for special protection or precautions that have been identified for using this product under directed consumer use conditions. The following recommendations are given for workplace employees, emergency personnel and for other conditions and situations where there is a greater potential for large-scale or prolonged exposure.

Eye / face protection	Follow standard industrial hygiene practices.
Hand protection	Not required.
Skin and body protection	Not normally required.
Respiratory protection	Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.
General hygiene considerations	Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Washing hands with soap and water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact.

9. Physical and Chemical Properties

Appearance	Non woven fabric
Colour	Opaque green
Form	Non woven strip
Odour	Floral
Odour threshold	Not available
Physical state	Solid
pH	Not available
Freezing point	Not available
Boiling point	Not available
Pour point	Not available
Evaporation Rate	Not available
Flash point	100 °C (212.00 °F) (fragrance)
Auto-ignition temperature	Not available
Flammability limits in air, lower, % by volume	Not available

Flammability Limits in Air, Upper, % by Volume	Not available
Vapour pressure	Not available
Vapour density	Not available
Specific gravity	Not available
Octanol/water coefficient	Not available
VOC (Weight %)	Not available
Viscosity	280-500 Pa.s (Viscosity at 35°C, 10s-1, Haake MARS, Plan-Plan 25mm, Gap 1mm)
Percent volatile	Not available

10. Stability and Reactivity

Reactivity	This product may react with strong acids.
Possibility of hazardous reactions	Hazardous polymerisation does not occur.
Chemical stability	Stable under recommended storage conditions.
Conditions to avoid	Do not mix with other chemicals. Temperatures below 0°C and >40°C. Keep from freezing.
Incompatible materials	Acids. Oxidizing agents.
Hazardous decomposition products	May include and are not limited to: Oxides of carbon.

11. Toxicological Information

Component analysis - LC50

Ingredient(s)	LC50
Silica, amorphous, fumed	Not available
Titanium dioxide	Not available

Component analysis - Oral LD50

Ingredient(s)	LD50
Silica, amorphous, fumed	5000 mg/kg rat
Titanium dioxide	24000 mg/kg rat

Effects of acute exposure

Eye	No risks anticipated in normal use.
Skin	No risks anticipated in normal use. Not expected to be a skin sensitizer.
Inhalation	No risks anticipated in normal use.
Ingestion	No risks anticipated in normal use.
Sensitisation	The finished product is not expected to have chronic health effects.
Chronic effects	The finished product is not expected to have chronic health effects.
Carcinogenicity	The finished product is not expected to have chronic health effects.
Mutagenicity	The finished product is not expected to have chronic health effects.
Reproductive effects	The finished product is not expected to have chronic health effects.
Teratogenicity	The finished product is not expected to have chronic health effects.
Name of Toxicologically Synergistic Products	Not available

12. Ecological Information

Ecotoxicity	Components of this product have been identified as having potential environmental concerns.	
Ecotoxicity - Freshwater Algae - Acute Toxicity Data		
Silica, amorphous, fumed	7631-86-9	72 Hr EC50 Pseudokirchneriella subcapitata: 440 mg/L
Ecotoxicity - Freshwater Fish - Acute Toxicity Data		
Silica, amorphous, fumed	7631-86-9	96 Hr LC50 Brachydanio rerio: 5000 mg/L [static]
Ecotoxicity - Water Flea - Acute Toxicity Data		
Silica, amorphous, fumed	7631-86-9	48 Hr EC50 Ceriodaphnia dubia: 7600 mg/L
Persistence and degradability	Not available	
Bioaccumulation/accumulation	Not available	
Mobility in environmental media	Not available	
Environmental effects	Not available	
Aquatic toxicity	Not available	
Partition coefficient	Not available	
Chemical fate information	Not available	
Other adverse effects	Not available	

13. Disposal Considerations

Disposal instructions	Dispose in accordance with all applicable regulations. Dispose of empty packaging with normal household trash.
Waste from residues / unused products	Not available
Contaminated packaging	Not available

14. Transport Information

UN/ID N.o.	Not applicable
U.S. Department of Transportation (DOT): Classification: Not regulated	
Proper shipping name	Not applicable
U.S. DOT Hazard Class	Not applicable
Subsidiary Risk	Not applicable
Packing group	Not applicable
DOT RQ (lbs)	Not applicable
ERG NO	Not applicable

Transportation of Dangerous Goods (TDG - Canada): Classification: Not regulated

Proper shipping name	Not applicable
Status	Not applicable
Packing group	Not applicable

IMDG (Marine Transport): Classification: Not regulated

Proper shipping name	Not applicable
Class	Not applicable
Subsidiary Risk	Not applicable
Packing group	Not applicable
IMDG Page	Not applicable
Marine pollutant	Not applicable
EMS	Not applicable
MFAG	Not applicable
Maximum Quantity	Not applicable

IATA/ICAO (Air): Classification: Not regulated

Proper shipping name	Not applicable
Class	Not applicable
Subsidiary Risk:	Not applicable
Packing group	Not applicable
Maximum Quantity	Not applicable

15. Regulatory Information

Canadian federal regulations This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.

Canada - WHMIS - Ingredient Disclosure List

Silica, amorphous, fumed 7631-86-9 1 %

WHMIS classification Exempt - Notified cosmetic under the Food & Drugs Act

Inventory Status

Country(s) or region	Inventory Name	On Inventory (Yes/No)*
Canada	Domestic Substances List (DSL)	Yes
Canada	Non-Domestic Substances List (NDSL)	No

A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

16. Other Information

Disclaimer This product should only be used as directed on the label and for the purpose intended. To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
