1. PRODUCT AND COMPANY IDENTIFICATION

MSDS Number: D0036512

Commercial Product Name: Professional Amphyl® III Disinfectant Deodorant Spray

Validation/Revision Date: 31-Aug-2009

Formula Number: 1139-166 (0089544)

Product Identifier: EPA Reg. No. 777-99-675

UPC Code(s) and Size: 0 36241 083300 7 (13 oz. Aerosol can)

Product Description: Disinfectant aerosol spray.

Manufacturer: Reckitt Benckiser Inc.
Morris Corporate Center IV
399 Interpace Parkway (P.O. Box 225)
Parsippany, New Jersey 07054-0225
Telephone: +1 973 404 2600

Emergency Telephone Number: 1-800-228-4722 (U.S.)

Transportation Emergencies: 1-800-424-9300 (U.S. & Canada) CHEMTREC
Outside U.S. and Canada (North America), call Chemtrec:703-527-3887

3. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:
FLAMMABLE
CAUTION: Contents under pressure.
DO NOT puncture or incinerate. DO NOT expose to heat or store above 55º C (130º F), as container may burst.
Keep away from heat, sparks and open flame.
Causes moderate eye irritation.
Do not spray in eyes, on skin or on clothing.
Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

KEEP OUT OF REACH OF CHILDREN

4. FIRST AID MEASURES

Inhalation
Move to fresh air

Skin Contact
Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes

Eye Contact
If in eyes, Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison Control Center or Doctor for treatment advice.

Ingestion
Call a physician or Poison Control Center immediately. Clean mouth with water and afterwards drink plenty of water. Do not induce vomiting.

Notes to Physician
Contains Denatured Ethyl Alcohol
Ingestion may result in ethanol poisoning

Aggravated Medical Conditions:
No information available.
5. FIREFIGHTING MEASURES

Flash point: 18.6°C (65.5°F)
Aerosol flame extension less than 18 inches (45 cm).
FLAMMABLE AEROSOL.

Flammability Limits in Air:
Lower  No information available.
Upper No information available.

Autoignition Temperature: No information available.

Suitable Extinguishing Media: Use water spray, dry chemical, CO2, or "alcohol" foam as suitable for the surrounding fire conditions.

Extinguishing Media which must not be used for safety reasons: No information available.

Specific hazards: Contents under pressure.
Exposure to temperatures above 55°C (130°F) may cause bursting. Keep away from extreme heat, sparks or open flame.

Unusual hazards: Aerosol cans may explode with extreme heat and become projectiles.

Special Protective Equipment for Fire Fighters: As in any fire, wear self-contained breathing apparatus, pressure-demand, MSHA / NIOSH (approved or equivalent) and full protective gear.

Precautions for Fire Fighters: Standard procedure for chemical fires. Move aerosol containers away from fire if possible and safe to do so. Use water spray to cool fire exposed containers. Provide shielding to protect firefighters from venting, rupturing or bursting containers.

NFPA Aerosol Level: Flammability Rating 1, per NFPA 30B.

NFPA: Health Hazard: 1 Flammability: 1 Instability: 0
HMIS: Health Hazard: 1 Flammability: 3 Reactivity: 0

Key: Personal Protection Index = B.
(Also see Sections 3 & 8)

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Ensure adequate ventilation.

Environmental Precautions: Do not allow material to contaminate ground water system.

Methods for Cleaning Up Small spills: Wearing appropriate protective equipment, soak up with an inert absorbent material and dispose of in an appropriate waste container. Rinse surface residue and flush to sink or sanitary sewer.

Large Spills: Eliminate all sources of ignition and ventilate the area with equipment rated for use in flammable environments.

Collect any remaining liquid and store in metal container for later disposal according to local, state, provincial or federal regulations.
7. HANDLING AND STORAGE

Handling: Ensure adequate ventilation.

Safe Handling Advice: Use only as directed on the container label. Avoid contact with eyes, skin and clothing. CAUTION: Contents under pressure. DO NOT puncture or incinerate. DO NOT expose to heat or store above 55°C (130°F), as container may burst.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Read label instructions carefully. KEEP OUT OF REACH OF CHILDREN

Storage: Keep away from open flames, hot surfaces and sources of ignition. Store in cool/well-ventilated place.

Conditions for Safe Storage: CONTAINERS SHOULD BE KEPT OUT OF REACH OF CHILDREN. Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 55°C. Do not pierce or burn after use. Keep away from all sources of ignition. Fires involving flammable aerosols are severe and can spread very quickly. Warehouses and stores containing aerosols should therefore be separated from other areas by a fire resistant construction of at least one half hour duration. Stores should be well ventilated, particularly at low levels. The natural ventilation in a large open warehouse building will normally be suitable. Avoid the storage of aerosols in basements where practicable.

EPA Registered Product: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Engineering Controls: For occupational exposures, ensure adequate ventilation.

Personal Protective Equipment

Respiratory Protection: None required under normal usage. Use only with adequate ventilation. In the case of respirable dust and/or fumes, use self-contained breathing apparatus.

Hand Protection: Avoid contact with skin. For prolonged or repeated contact use protective gloves. Wear impermeable gloves when handling.

Eye Protection: Causes moderate eye irritation. Avoid spraying into eyes. Wear appropriate eye protection. Emergency responders should wear full eye and face protection.

Skin and Body Protection: Usual safety precautions while handling the product will provide adequate protection against injury or irritation. Follow product label instructions.

Hygiene Measures: Avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after handling.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid.
Appearance: Aerosol
Colour: Clear
Odour: Characteristic.
P H: 10.5

Flash Point: 18.6°C / 65.5°F
Autoignition Temperature: No information available.
Specific gravity [g/mL]: > 1.0
Vapour Pressure: 95 - 105 psig
Solubility: Completely soluble.

Explosion limits:
- upper: No data available.
- lower: No data available.

10. STABILITY AND REACTIVITY

Stability: Stable under recommended storage conditions. DO NOT expose to heat or store above 55°C (130°F) as container may burst.

Conditions to Avoid: Keep away from open flames, hot surfaces and sources of ignition. Extremes of temperature and direct sunlight. Avoid temperatures above 55 °C.

Materials to Avoid: Oxidizing agents. Do not mix with other household chemicals.

Hazardous Decomposition Products: Oxides of carbon and unknown organic compounds.

Polymerization: Hazardous polymerisation does not occur.
11. TOXICOLOGICAL INFORMATION

PRODUCT TOXICITY DATA

LD₉₀ Oral: No information available

LD₉₀ Dermal: No information available

LC₁₀ Inhalation (Dust): No information available

LC₁₀ Inhalation (Vapor): No information available

Acute Effects:

Eye Irritation Moderate eye irritation

Skin Irritation None expected during normal conditions of use.

Inhalation None expected during normal use. However intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal.

NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal.

Ingestion May be harmful if swallowed.

Contains denatured ethyl alcohol.

See Section 4 for First Aid instructions.

Sensitization Not expected to be a skin sensitizer.

Specific Effects

Carcinogenic Effects: Not listed as carcinogenic by OSHA, NTP or IARC.

Mutagenic Effects No information available.

Reproductive Toxicity: No information available.

Additional Toxicity Information: Information is based on available component data and toxicity result of similar products.

Other Information

Ozone Depletion Potential (ODP) (R-11 = 1): No information available.
Global Warming Potential (GWP): No information available.

Additional Ecological Information: Information given is based on data on the components and the ecotoxicology of similar products.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Dispose of in accordance with local regulations.

Contaminated Packaging: Empty container can be disposed of as household trash or rinsed and recycled where appropriate.

Waste Disposal: Container disposal: Empty containers may be included with domestic refuse for disposal to a landfill. This container may also be recycled in communities where aerosol container recycling is available. Before offering for recycling, empty the can or use the product according to the label instructions.
