SAFETY DATA SHEET

SECTION 1: PRODUCT AND COMPANY INFORMATION

Manufacturer Name: Albanese Confectionery Group, Inc.

Address: 5441 E Lincoln Hwy
Merrillville, IN 46410

Phone Number: 219-942-1877

Emergency Phone: 800-424-9300 Chemtrec; 800-222-1222 National Capital Poison Center

PRODUCT IDENTIFICATION
Product Name: Airborne Gummi (Kids’s and Adult)
Product Use: Dietary Supplement
CAS Name: N/A
CAS Registration No: Not registered
NIOSH Registry No: Not registered

SECTION 2: HAZARD(S) IDENTIFICATION

Classification of the substance or mixture: Not Classified.

GHS Label Elements:
Hazard Pictograms: Not Applicable
Signal Word: No signal word.
Hazard Statements: No know significant effects or critical hazards.

Precautionary Statements:
General: Read label before used. Keep out of reach of children. If medical advice is needed, have product container or label at hand.
Prevention: Not Applicable
Response: Not Applicable
Storage: Not Applicable
Disposal: Not Applicable
SECTION 2: HAZARD(S) IDENTIFICATION (CONT.)

Supplemental Label Elements: None known.
Hazards Not Otherwise Classified: None known.

SECTION 3: COMPOSITION/INGREDIENTS

Substance/Mixture: Mixture

Ingredients: Corn Syrup (from Corn), Sugar (from Beets), Water, Gelatin, Pectin (Derived from Fruit), Natural & Artificial Flavors, Natural Colors (from Fruits & Vegetables).

Active Ingredients
Vitamin E (Acetate)
Magnesium Oxide
Calcium D-Pantothenate
Zinc Oxide
Pyridoxine HCL
Vitamin A (Acetate)
Manganese Sulfate (1 H2O)
Sodium Selenite
Vitamin D3
D-Biotin
Vitamin B12
*The ratio of active ingredients is proprietary and will not be shared.*

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.
SECTION 4: FIRST-AID MEASURES

Description of necessary first aid measures:
Eye Contact: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.

Skin Contact: Not applicable.

Ingestion: Only take recommended amount. If too much material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by my medical personnel. Get medical attention if symptoms occur.

Most Important Symptoms/Effects, Acute and Delayed

Potential Acute Health Effects
Eye Contact: No known significant effects or critical hazards.
Inhalation: No known significant effects or critical hazards.
Skin Contact: No known significant effects or critical hazards.
Ingestion: No known significant effects or critical hazards.

Over-Exposure Signs/Symptoms
Eye Contact: No specific data.
Inhalation: No specific data.
Skin Contact: No specific data.
Ingestion: No specific data.

Indication of Immediate Medical Attention and Special Treatment Needed, if Necessary
Notes to Physician: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
Specific Treatments: No specific treatment.
Protection of First-Aiders: No action shall be taken involving any personal risk or without suitable training.

See toxicological information in Section 11 for further information.
SECTION 5: FIRE-FIGHTING MEAURES

Extinguishing Media
Suitable Extinguishing Media: Use an extinguishing agent suitable for the surrounding fire.
Unsuitable Extinguishing Media: None known.

Specific Hazards Arising from the Chemical: No specific fire or explosion hazard.

Hazardous Thermal Decomposition Products: Decomposition products may include the following materials: Carbon Dioxide, Carbon Monoxide, Metal Oxide/Oxides

Special Protective Actions for Fire-Fighters: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Special Protective Equipment for Fire-Fighters: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

For Non-Emergency Personnel: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.

For Emergency Responders: If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in “For Non-Emergency Personnel.”

Environmental Precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains, and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil, or air.)
SECTION 6: ACCIDENTAL RELEASE MEASURES (CONT.)

Methods and Materials for Containment and Cleaning Up

Small Spill: Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

Large Spill: Move containers from spill area. Prevent entry into sewers, water courses, basements, or confined areas. Vacuum or sweep up material and placed in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor. Note: See Section 1 for emergency contact information and Section 13 for waste disposal.

SECTION 7: HANDLING AND STORAGE

Precautions for Safe Handling

Protective Measures: Put on appropriate personal protective equipment. (See Section 8.)

Conditions for Safe Storage, Including any Incompatibilities: Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool, and well-ventilated area away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Occupational Exposure Limits: Not applicable.

Appropriate Engineering Controls: Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

Environmental Exposure Controls: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases fume scrubbers, filters, or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.
SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION (CONT.)

**Individual Protection Measures:**

**Hygiene Measures:** Wash hands, forearms, and face thoroughly after handling chemical products, before eating, smoking, and using the lavatory, and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

**Eye/Face Protection:** Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases, or dusts. If contact is possible, the following protection should be worn unless the assessment indicates a higher degree of protection: safety glasses with side-shields.

**Skin Protection**

**Hand Protection:** Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

**Body Protection:** Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Other Skin Protection:** Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Respiratory Protection:** Use a properly fitted particulate filter respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product, and the safe working limits of the selected respirator.
SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

PHYSICAL CHARACTERISTICS
Physical State: Solid, gummi
Color: Varied (pink, orange, purple, red)
Odor: fruity
Odor Threshold: n/a
pH: n/a
Melting Point: n/a
Boiling Point: n/a
Flash Point: n/a
Evaporation Rate: n/a
Flammability: n/a
Vapor Pressure: n/a
Vapor Density: n/a
Lower and Upper Explosive Limits: n/a
Relative Density: n/a
Solubility: n/a
Partition coefficient: n-octanol/water: n/a
Auto-ignition Temperature: n/a
Decomposition Temperature: n/a
Viscosity: n/a

SECTION 10: STABILITY AND REACTIVITY

REACTIVITY
No specific test data related to reactivity available for this product or its ingredients.

CHEMICAL STABILITY
The product is stable.

POSSIBILITY OF HAZARDOUS REACTIONS
Under normal conditions of storage and use hazardous reactions will not occur.

CONDITIONS TO AVOID
No specific data.
SECTION 10: STABILITY AND REACTIVITY (CONT.)

INCOMPATIBLE MATERIALS
Do not use with other products.

HAZARDOUS DECOMPOSITION PRODUCTS
Under normal conditions of storage and use hazardous decomposition products should not be produced.

SECTION 11: TOXICOLOGICAL INFORMATION

Information on Toxicological Effects
Not available.

Irritation/Corrosion
Not available.

Sensitization
Not available.

Mutagenicity
Not available.

Carcinogenicity
Not available.

Reproductive Toxicity
Not available.

Teratogenicity
Not available.

Specific Target Organ Toxicity (Single Exposure)
Not available.

Specific Target Organ Toxicity (Repeated Exposure)
Not available.
SECTION 11: TOXICOLOGICAL INFORMATION (CONT.)

**Aspiration Hazard**
Not available.

**Information on the Likely Routes of Exposure:** Not available.

**Potential Acute Health Effects**
- **Eye Contact:** No known significant effects or critical hazards.
- **Inhalation:** No known significant effects or critical hazards.
- **Skin Contact:** No known significant effects or critical hazards.
- **Ingestion:** No known significant effects or critical hazards.

**Symptoms Related to the Physical, Chemical, and Toxicological Characteristics**
- **Eye Contact:** No known significant effects or critical hazards.
- **Inhalation:** No known significant effects or critical hazards.
- **Skin Contact:** No known significant effects or critical hazards.
- **Ingestion:** No known significant effects or critical hazards.

**Delayed, Immediate, and Chronic Effects from Short-Term and Long-Term Exposure**

**Short Term Exposure:**
- **Potential Immediate Effects:** Not available.
- **Potential Delayed Effects:** Not available.

**Long Term Exposure:**
- **Potential Immediate Effects:** Not available.
- **Potential Delayed Effects:** Not available.

**Potential Chronic Health Effects:**
Not available.

- **General:** No known significant effects or critical hazards.
- **Carcinogenicity:** No known significant effects or critical hazards.
- **Mutagenicity:** No known significant effects or critical hazards.
- **Teratogenicity:** No known significant effects or critical hazards.
SECTION 11: TOXICOLOGICAL INFORMATION (CONT.)

Developmental Effects: No known significant effects or critical hazards.
Fertility Effects: No known significant effects or critical hazards.

Numerical Measures of Toxicity
Acute Toxicity Estimates: Not available.

SECTION 12: ECOLOGICAL INFORMATION

Toxicity: Not available.
Persistence and Degradability: Not available.
Bioaccumulative Potential: Not available.
Mobility in Soil
Soil/Water Partition Coefficient (Koc): Not available.

Other Adverse Effects: No known significant effects or critical hazards.

SECTION 13: DISPOSAL CONSIDERATIONS

Disposal Methods: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions, and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains, and sewers.

SECTION 14: TRANSPORT INFORMATION

SHIPPING INFORMATION
DOT (HAZMAT) Proper Shipping Name: None
ID# None
SECTION 14: TRANSPORT INFORMATION

DOT Label
None

Not a DOT-controlled material (United States.)
Not a TDG-controlled material.
This preparation is not classified as dangerous according to international transport regulations.
(ADR/RID, IMDG, or ICAO/IATA.)

SECTION 15: REGULATORY INFORMATION

U.S. Federal Regulations
TSCA 8(a) CDR Exempt/Partial Exemption: Not determined.
United States Inventory (TSCA 8b): Not determined.
Clean Water Act (CWA) 307: trizinc dicitrate
Composition/Information on Ingredients: No products were found.

State Regulations
Massachusetts: The following components are listed: Magnesium Oxide fume.
New York: None of the components are listed.
New Jersey: The following components are listed: Magnesium Oxide
Pennsylvania: The following components are listed: Magnesium Oxide (MGO)

Label Elements

Precautionary Measures: Read label before use. Avoid contact with eyes. Keep out of reach of children.

SECTION 16: OTHER INFORMATION

Date Prepared: 6/10/2015
Supersedes: 4/21/2015
