Conforms to USDOL OSHA 29CFR 1910.1200 HAZCOM

SAFETY DATA SHEET

Lysol No Mess Max Toilet Bowl Cleaner, Pine Scent

1. Product and company identification

| Product name | : Lysol No Mess Max Toilet Bowl Cleaner, Pine Scent |
|---|--|
| Distributed by | : Reckitt Benckiser LLC. Morris Corporate Center IV 399 Interpace Parkway (P.O. Box 225) Parsippany, New Jersey 07054-0225 +1 973 404 2600 |
| Emergency telephone number (Medical) | : 1-800-338-6167 |
| Emergency telephone number (Transport) | : 1-800-424-9300 (U.S. & Canada) CHEMTREC Outside U.S. and Canada (North America), call Chemtrec:703-527-3887 |
| Website: | : http://www.rbnainfo.com |
| Synonym | : D8083526 |
| Product use | : Toilet bowl cleaner |

This SDS is designed for workplace employees, emergency personnel and for other conditions and situations where there is greater potential for large-scale or prolonged exposure, in accordance with the requirements of USDOL Occupational Safety and Health Administration.

This SDS is not applicable for consumer use of our products. For consumer use, all precautionary and first aid language is provided on the product label in accordance with the applicable government regulations, and shown in Section 15 of this SDS.

| SDS # | : D8083526 v2.0 |
|------------------|--|
| Formulation #: | : Pine: 8081841 (Block: 8081845, Gel: 8081842) |
| UPC Code / Sizes | : 40 gram block with 2 – 1.5 gram hyperscent gels. |

| 2. Hazards identification | | |
|--|--|--|
| Classification of the substance or mixture | : SKIN CORROSION/IRRITATION - Category 2 SERIOUS EYE DAMAGE/ EYE IRRITATION - Category 1 SKIN SENSITIZATION - Category 1 | |
| GHS label elements | | |
| Hazard pictograms | | |
| Signal word | : Danger | |
| Hazard statements | : Causes serious eye damage. Causes skin irritation. May cause an allergic skin reaction. | |
| Precautionary statemer | <u>s</u> | |
| Code # : FF8081841 (D8083526 | | |

2. Hazards identification

| General | : Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand. |
|-------------------------------------|--|
| Prevention | : Wear protective gloves. Wear eye or face protection. Avoid breathing dust. Wash hands thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. |
| Response | : IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing. Wash contaminated clothing before reuse. If skin irritation or rash occurs: Get medical attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or physician. |
| Storage | : Not applicable. |
| Disposal | Dispose of contents and container in accordance with all local, regional, national and international regulations. |
| Supplemental label elements | : None known. |
| Hazards not otherwise classified | : None known. |
| | |

3. Composition/information on ingredients

| Substance/mixture : Mixture | | |
|---|---|---|
| Ingredient name | % | CAS number |
| Sulfonic acids, C14-16-alkane hydroxy and C14-16-alkene, sodium salts sodium dodecylbenzenesulfonate Dihydromyrcenol Terpineol 1,7,7-Trimethylbicyclo[2.2.1]heptan-2-one Linalool 1-(1,2,3,4,5,6,7,8-Octahydro-2,3,8,8-tetramethyl-2-naphthalenyl)ethanone Tetrahydrolinalool Terpinolene 2-Methylundecanal Alcohols, C12-15, ethoxylated sodium carbonate | 15 - 30 15 - 30 10 - 15 5 - 10 2.5 - 5 2.5 - 5 1 - 2.5 1 - 2.5 1 - 2.5 1 - 2.5 1 - 2.5 1 - 2.5 | 68439-57-6 25155-30-0 18479-58-8 8000-41-7 76-22-2 78-70-6 54464-57-2 78-69-3 586-62-9 110-41-8 157627-86-6 497-19-8 |

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

4. First aid measures

| Description of | f necessary firs | st aid | measures |
|-----------------------|------------------|--------|----------|
| | | | |

Eye contact

: Get medical attention immediately. Call a poison center or physician. Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Chemical burns must be treated promptly by a physician.

: FF8081841 1 US (D8083526 v2.0)

SDS #

4. First aid measures

| Inhalation | : Get medical attention immediately. Call a poison center or physician. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If it is suspected that fumes are still present, the rescuer should wear an appropriate mask or self-contained breathing apparatus. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband. |
|--------------|--|
| Skin contact | : Get medical attention immediately. Call a poison center or physician. Wash with plenty of soap and water. Remove contaminated clothing and shoes. Wash contaminated clothing thoroughly with water before removing it, or wear gloves. Continue to rinse for at least 10 minutes. Chemical burns must be treated promptly by a physician. In the event of any complaints or symptoms, avoid further exposure. Wash clothing before reuse. Clean shoes thoroughly before reuse. |
| Ingestion | : Get medical attention immediately. Call a poison center or physician. Wash out mouth with water. Remove dentures if any. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Chemical burns must be treated promptly by a physician. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband. |

Most important symptoms/effects, acute and delayed

| Potential acute health effec | <u>ts</u> |
|------------------------------|---|
| Eye contact | : Causes serious eye damage. |
| Inhalation | : May give off gas, vapor or dust that is very irritating or corrosive to the respiratory system. |
| Skin contact | : Causes skin irritation. May cause an allergic skin reaction. |
| Ingestion | : May cause burns to mouth, throat and stomach. |
| Over-exposure signs/symp | <u>toms</u> |
| Eye contact | : Adverse symptoms may include the following: pain watering redness |
| Inhalation | : No specific data. |
| Skin contact | : Adverse symptoms may include the following: pain or irritation redness blistering may occur |
| Ingestion | : Adverse symptoms may include the following: stomach pains |
| Indication of immediate med | ical attention and special treatment needed, if necessary |
| Notes to physician | : Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled. |
| Specific treatments | : No specific treatment. |
| | |

| Code # | : FF8081841_1_US | SDS # | : D8083526 v2.0 | Date of issue | : 08/01/2015. | 3/14 |
|--------|------------------|-------|-----------------|---------------|---------------|------|
| | (D8083526 v2.0) | | | | | |

4. First aid measures

| Protection of first-aiders | : No action shall be taken involving any personal risk or without suitable training. If it is suspected that fumes are still present, the rescuer should wear an appropriate mask or self-contained breathing apparatus. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Wash contaminated clothing thoroughly with water before removing it, or wear gloves. |
|----------------------------|---|
| | |

See toxicological information (Section 11)

| 5. Fire-fighting measures |
|---------------------------|
|---------------------------|

| Extinguishing media | |
|--|---|
| Suitable extinguishing media | : Use an extinguishing agent suitable for the surrounding fire. |
| Unsuitable extinguishing media | : None known. |
| Specific hazards arising from the chemical | : Fire water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain. |
| Hazardous thermal decomposition products | : Decomposition products may include the following materials: carbon dioxide carbon monoxide sulfur oxides metal oxide/oxides |
| Special protective actions for fire-fighters | Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. |
| Special protective equipment for fire-fighters | : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. |

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

| For non-emergency personnel | : | No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment. |
|--------------------------------|----|---|
| For emergency responders | : | If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel". |
| Environmental precautions | : | Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air). Water polluting material. May be harmful to the environment if released in large quantities. |
| Methods and materials for co | nt | ainment and cleaning up |

| Small spill | : Move containers from spill area. Avoid dust generation. Using a vacuum with HEPA filter will reduce dust dispersal. Place spilled material in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor. |
|-------------|---|
| | |

| Code # | : FF8081841_1_US | SDS # | : D8083526 v2.0 | Date of issue | : 08/01/2015. | 4/14 |
|--------|------------------|-------|-----------------|---------------|---------------|------|
| | (D8083526 v2.0) | | | | | |

6. Accidental release measures

Large spill

: Move containers from spill area. Approach release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Avoid dust generation. Do not dry sweep. Vacuum dust with equipment fitted with a HEPA filter and place in a closed, labeled waste container. Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

7. Handling and storage

| Precautions for safe handling | |
|--|--|
| Protective measures : | Put on appropriate personal protective equipment (see Section 8). Persons with a history of skin sensitization problems should not be employed in any process in which this product is used. Do not get in eyes or on skin or clothing. Do not ingest. Avoid release to the environment. If during normal use the material presents a respiratory hazard, use only with adequate ventilation or wear appropriate respirator. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Empty containers retain product residue and can be hazardous. Do not reuse container. |
| Conditions for safe storage, : including any incompatibilities | Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Store locked up. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. |

8. Exposure controls/personal protection

Control

Occupational exposure limits

| Ingredient name | | Exposure limits |
|-------------------------------------|---|--|
| 1,7,7-Trimethylbicyclo[2.2.1 |]heptan-2-one | ACGIH TLV (United States, 6/2013). TWA: 2 ppm 8 hours. TWA: 12 mg/m ³ 8 hours. STEL: 3 ppm 15 minutes. STEL: 19 mg/m ³ 15 minutes. NIOSH REL (United States, 10/2013). TWA: 2 mg/m ³ 10 hours. OSHA PEL (United States, 2/2013). TWA: 2 mg/m ³ 8 hours. OSHA PEL 1989 (United States, 3/1989). TWA: 2 mg/m ³ 8 hours. Form: Synthetic |
| Appropriate engineering controls | | es, gas, vapor or mist, use process enclosures, neering controls to keep worker exposure to mmended or statutory limits. |
| Environmental exposure controls | : Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels. | |
| ndividual protection measu | ires | |

8. Exposure controls/personal protection

| Hygiene measures | : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location. |
|------------------------|--|
| Eye/face protection | : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: chemical splash goggles and/ or face shield. If inhalation hazards exist, a full-face respirator may be required instead. |
| Skin protection | |
| Hand protection | : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. Considering the parameters specified by the glove manufacturer, check during use that the gloves are still retaining their protective properties. It should be noted that the time to breakthrough for any glove material may be different for different glove manufacturers. In the case of mixtures, consisting of several substances, the protection time of the gloves cannot be accurately estimated. |
| Body protection | : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product. |
| Other skin protection | : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product. |
| Respiratory protection | : Use a properly fitted, particulate filter respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator. |

9. Physical and chemical properties

| <u>Appearance</u> | |
|--|---|
| Physical state | : Solid. [Block+Gel] |
| Color | : Green. |
| Odor | : Characteristic. |
| Odor threshold | : Not available. |
| рН | : 7 [Conc. (% w/w): 10%] |
| Melting point | : Not available. |
| Boiling point | : Not available. |
| Flash point | : Closed cup: >96°C (>204.8°F) |
| Evaporation rate | : Not available. |
| Flammability (solid, gas) | : Not available. |
| Lower and upper explosive (flammable) limits | : Not available. |
| Vapor pressure | : Not available. |
| Vapor density | : Not available. |
| Relative density | : Not available. |
| Solubility | : Partially soluble in the following materials: cold water and hot water. |

| Code # | : FF8081841_1_US | SDS # | : D8083526 v2.0 | Date of issue | : 08/01/2015. | 6/14 |

| | (D8083526 v2.0) | | | | | |

9. Physical and chemical properties

| Partition coefficient: n- | : Not available. |
|---------------------------|------------------|
| octanol/water | |
| Auto-ignition temperature | : Not available. |
| Decomposition temperature | : Not available. |
| Viscosity | : Not available. |

10. Stability and reactivity

| _ | - |
|------------------------------------|--|
| Reactivity | : No specific test data related to reactivity available for this product or its ingredients. |
| Chemical stability | : The product is stable. |
| Possibility of hazardous reactions | : Under normal conditions of storage and use, hazardous reactions will not occur. |
| Conditions to avoid | : No specific data. |
| Incompatible materials | : No specific data. |
| Hazardous decomposition products | : Under normal conditions of storage and use, hazardous decomposition products should not be produced. |
| | |

Conclusion/Summary

Skin

: Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Mutagenicity

Not available.

Carcinogenicity

Not available.

Reproductive toxicity

Not available.

Teratogenicity Not available.

Specific target organ toxicity (single exposure)

11. Toxicological information

| Name | | Route of exposure | Target organs |
|---|------------|----------------------|---------------------------------|
| 1,7,7-Trimethylbicyclo[2.2.1]heptan-2-one | Category 3 | | Respiratory tract irritation |

Specific target organ toxicity (repeated exposure)

Not available.

Aspiration hazard

| Name | Result |
|-------------|--------------------------------|
| Terpinolene | ASPIRATION HAZARD - Category 1 |

| Information on the likely routes of exposure | : | Not available. |
|---|---|---|
| Potential acute health effects | 2 | |
| Eye contact | 1 | Causes serious eye damage. |
| Inhalation | : | May give off gas, vapor or dust that is very irritating or corrosive to the respiratory system. |
| Skin contact | 1 | Causes skin irritation. May cause an allergic skin reaction. |
| Ingestion | 4 | May cause burns to mouth, throat and stomach. |

Symptoms related to the physical, chemical and toxicological characteristics

| Eye contact | : Adverse symptoms may include the following: pain watering redness |
|--------------|--|
| Inhalation | : No specific data. |
| Skin contact | : Adverse symptoms may include the following: pain or irritation redness blistering may occur |
| Ingestion | : Adverse symptoms may include the following: stomach pains |

| Delayed and immediate effec | ts | and also chronic effects from short and long term exposure |
|---|-----|---|
| <u>Short term exposure</u> | | |
| Potential immediate effects | : | Not available. |
| Potential delayed effects | : | Not available. |
| Long term exposure | | |
| Potential immediate effects | 1 | Not available. |
| Potential delayed effects | : | Not available. |
| Potential chronic health effe | ect | <u>S</u> |
| Not available. | | |
| General | : | Once sensitized, a severe allergic reaction may occur when subsequently exposed to very low levels. |

: No known significant effects or critical hazards.

13. Disposal considerations

Disposal methods

: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

14. Transport information

Not a DOT controlled material (United States). Not a TDG-controlled material. This preparation is not classified as dangerous according to international transport regulations (ADR/RID, IMDG or ICAO/IATA).

Code # : FF8081841 1 US (D8083526 v2.0)

SDS #

: D8083526 v2.0 **Date of issue** : 08/01/2015.

15. Regulatory information **U.S. Federal regulations** : TSCA 8(a) PAIR: bornan-2-one; 2-methylundecanal; cinnamaldehyde TSCA 8(a) CDR Exempt/Partial exemption: Not determined United States inventory (TSCA 8b): Not determined. Clean Water Act (CWA) 311: sodium dodecylbenzenesulfonate **Clean Air Act Section 112** : Not listed (b) Hazardous Air **Pollutants (HAPs) Clean Air Act Section 602** : Not listed **Class I Substances** Clean Air Act Section 602 : Not listed **Class II Substances DEA List I Chemicals** : Not listed (Precursor Chemicals) **DEA List II Chemicals** : Not listed (Essential Chemicals) SARA 302/304 Composition/information on ingredients No products were found. **SARA 304 RQ** : Not applicable. SARA 311/312

Classification

: Immediate (acute) health hazard

Composition/information on ingredients

| Name | % | Fire hazard | Sudden release of pressure | Reactive | Immediate (acute) health hazard | Delayed (chronic) health hazard |
|--|---------|----------------|----------------------------------|----------|--|--|
| Sulfonic acids, C14-16-alkane hydroxy and C14-16-alkene, sodium salts | 15 - 30 | No. | No. | No. | Yes. | No. |
| sodium dodecylbenzenesulfonate | 15 - 30 | Yes. | No. | No. | Yes. | No. |
| Dihydromyrcenol | 10 -15 | Yes. | No. | No. | Yes. | No. |
| Terpineol | 5 - 10 | Yes. | No. | No. | Yes. | No. |
| 1,7,7-Trimethylbicyclo[2.2.1]heptan- 2-one | 5 - 10 | Yes. | No. | No. | Yes. | No. |
| Linalool | 2.5 - 5 | Yes. | No. | No. | Yes. | No. |
| 1-(1,2,3,4,5,6,7,8-Octahydro-2,3,8, 8-tetramethyl-2-naphthalenyl)ethanone | 2.5 - 5 | No. | No. | No. | Yes. | No. |
| Tetrahydrolinalool | 1 - 2.5 | Yes. | No. | No. | Yes. | No. |
| Terpinolene | 1 - 2.5 | Yes. | No. | No. | No. | No. |
| 2-Methylundecanal | 1 - 2.5 | Yes. | No. | No. | Yes. | No. |
| Alcohols, C12-15, ethoxylated | 1 - 2.5 | No. | No. | No. | Yes. | No. |
| sodium carbonate | 1 - 2.5 | No. | No. | No. | Yes. | No. |

State regulations

| Massachusetts | : The following components are listed: CAMPHOR; SODIUM SULFATE (SOLUTION); SODIUM DODECYLBENZENE SULFONATE; PRECIPITATED SILICA |
|---------------|--|
| New York | The following components are listed: Sodium dodecylbenzene sulfonate; Dodecylbenzene sulfonate |

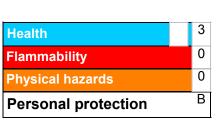

Code # : FF8081841_1_US SDS # : D8083526 v2.0 Date of issue : 08/01/2015. 12/14 (D8083526 v2.0)

15. Regulatory information

| , | |
|------------------------|--|
| New Jersey | The following components are listed: CAMPHOR; 2-CAMPHONONE; TERPINOLENE; CYCLOHEXENE, 1-METHYL-4-(1-METHYLETHYLIDENE)-; SODIUM DODECYLBENZENE SULFONATE; BENZENESULFONIC ACID, DODECYL-, SODIUM SALT; MINERAL OIL (UNTREATED and MILDLY TREATED); SILICA, AMORPHOUS, PRECIPITATE & GEL |
| Pennsylvania | : The following components are listed: BICYCLO[2.2.1]HEPTAN-2-ONE, 1,7, 7-TRIMETHYL-; PROPANOL, OXYBIS-; SODIUM SULFATE (SOLUTION); BENZENESULFONIC ACID, DODECYL-, SODIUM SALT; PRECIPITATED SILICA |
| Label elements | |
| Signal word | : WARNING |
| Hazard statements | : Causes severe eye irritation. Causes skin irritation. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. |
| Precautionary measures | : Keep out of the reach of children. Do not swallow. Do not get in eyes or on skin or clothing. Keep container tightly closed and sealed until ready for use. Wash thoroughly after handling. |

Hazardous Material Information System (U.S.A.)

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks Although HMIS® ratings are not required on MSDSs under 29 CFR 1910. 1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered mark of the National Paint & Coatings Association (NPCA). HMIS® materials may be purchased exclusively from J. J. Keller (800) 327-6868.

The customer is responsible for determining the PPE code for this material.

Copyright ©2001, National Fire Protection Association, Quincy, MA 02269. This warning system is intended to be interpreted and applied only by properly trained individuals to identify fire, health and reactivity hazards of chemicals. The user is referred to certain limited number of chemicals with recommended classifications in NFPA 49 and NFPA 325, which would be used as a guideline only. Whether the chemicals are classified by NFPA or not, anyone using the 704 systems to classify chemicals does so at their own risk.
