SAFETY DATA SHEET

VEET® Wax Strip Kit Hair Remover - Legs & Body - Wax Strips

1. Product and company identification

Product name	: VEET® Wax Strip Kit Hair Remover - Legs & Body - Wax Strips
Distributed by	: Reckitt Benckiser LLC. Morris Corporate Center IV 399 Interpace Parkway (P.O. Box 225) Parsippany, New Jersey 07054-0225 +1 973 404 2600
Emergency telephone number (Medical)	: 1-800-338-6167
Emergency telephone number (Transport)	: 1-800-424-9300 (U.S. & Canada) CHEMTREC Outside U.S. and Canada (North America), call Chemtrec:703-527-3887
Website:	http://www.rbnainfo.com
Product use	: To remove unwanted body hair.

This SDS is designed for workplace employees, emergency personnel and for other conditions and situations where there is greater potential for large-scale or prolonged exposure, in accordance with the requirements of USDOL Occupational Safety and Health Administration.

This SDS is not applicable for consumer use of our products. For consumer use, all precautionary and first aid language is provided on the product label in accordance with the applicable government regulations, and shown in Section 15 of this SDS.

SDS #	: D8278945 v5.0
Formulation #:	: MonsA3ZJFR / 8190410 (Sensitive)
	MonsA3ZJF8 / 8222667 (Dry)
	MonsA3ZJEQ / 8222673 (Supreme Essence)
	MonsA3ZJDV / 8222665 (Normal)

2. Hazards identif	
Classification of the substance or mixture	: Not classified
	Percentage of the mixture consisting of ingredient(s) of unknown toxicity: 64.4%
GHS label elements	
Hazard pictograms	Not applicable.
Signal word	: No signal word.
Hazard statements	: No known significant effects or critical hazards.
Precautionary statements	
General	: Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.
Prevention	: Not applicable.
Response	: Not applicable.
Code # : D8278945	SDS # : D8278945 v5.0 Date of issue : 15/02/2018 1/16

fication
: Not applicable.
: Not applicable.
 For legs: Precautions Retain outer pack Read and follow all precautions and directions before use. Suitable for use on the legs, arms, underarms and bikini line. NOT SUITABLE for use on head, face, eyes, nose, ears, around the anus, genitals and nipples or any other body parts. Do not use on varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or on skin that has had an adverse reaction to waxes in the past. Always leave 72 hours between hair removal sessions. Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder. Waxing is not suitable for the elderly, diabetics or people taking oral retinoids. If you have not waxed before we recommend starting by removing hair from the legs. Only when you have experience then progress to the sensitive areas of underarm and bikini line. Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use. If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. If "Tips for best results" are removed to save space, the following precaution must be added here (Do not wax over the same area more than once) Skin may be more sensitive for a short time after use, so avoid scratching. After use we recommend waiting 24 hours before using anti-perspirant, any other perfumed product, using artificial tanning equipment, swimming or subathing. If you run out of Perfect Finish wipes, you can use baby oil. Don't use water, soap or alcohol to remove the wax. KEEP OUT OF REACH OF CHILDREN. In case of ingestion, seek medical advice immediately and show outer pack. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty
 Bikini and underarms: Precautions Retain outer pack Read and follow all precautions and directions before use. Suitable for use on the underarms and bikini line. NOT SUITABLE for use on head, face, eyes, nose, ears, around the anus, genitals and nipples or any other body parts. Do not use on varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or or skin that has had an adverse reaction to waxes in the past. Always leave 72 hours between hair removal sessions. Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder. Waxing is not suitable for the elderly, diabetics or people taking oral retinoids. If you have not waxed before we recommend starting by removing hair from the legs. Only when you have experience then progress to the sensitive areas of underarm and bikini line. Before use, make sure your skin is dry, non-irritated, and free of creams, oils or

2. Hazards identification

deodorant.

Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use.

If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice.

If "Tips for best results" are removed to save space, the following precaution must be added here (Do not wax over the same area more than once)

Skin may be more sensitive for a short time after use, so avoid scratching.

After use we recommend waiting 24 hours before using any perfumed product, using artificial tanning equipment, swimming or sunbathing.

If you run out of Perfect Finish wipes, you can use baby oil. Don't use water, soap or alcohol to remove the wax.

KEEP OUT OF REACH OF CHILDREN.

In case of ingestion, seek medical advice immediately and show outer pack.

Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Waxing is suitable for pregnant women but may cause bruising.

Store any remaining strips in a cool, dry place.

Face:

Precautions

Retain outer pack

Read and follow all precautions and directions before use.

Suitable for use on upper lip, cheeks and chin.

NOT SUITABLE for use on the rest of the face, head, ears, around the anus, genitals and nipples or any other body parts.

Do not use on cold sores, varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or on skin that has had an adverse reaction to waxes in the past. Always leave 72 hours between hair removal sessions.

Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder.

Waxing is not suitable for the elderly, diabetics or people taking oral retinoids. If you have not waxed before we recommend starting by removing hair from the legs. Only when you have experience then progress to the sensitive areas of face. Before use, make sure your skin is dry, non-irritated, and free of creams, oils or deodorant.

Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use.

If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. Do not wax over the same area more than once.

Skin may be more sensitive for a short time after use, so avoid scratching.

After use we recommend waiting 24 hours before using any perfumed product, using artificial tanning equipment, swimming or sunbathing.

If you run out of Perfect Finish wipes, you can use baby oil. Don't use water, soap or alcohol to remove the wax.

KEEP OUT OF REACH OF CHILDREN.

In case of ingestion, seek medical advice immediately and show outer pack.

Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

Waxing is suitable for pregnant women but may cause bruising.

Recommended Safety Label Language:

2. Hazards identification

	For external use only. KEEP OUT OF REACH OF CHILDREN. In case of ingestion, consult a doctor immediately and show the outer pack. Before every use, test your skin reaction by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 hours there is no adverse reaction, continue to use.
	If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish Wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. Avoid contact with the eyes. In case of contact with the eyes seek medical advice immediately.
	New Typhoon Cold wax strip Supreme essence - TDS 8222673: EU INCI Ingradianta: Hydrogonated Styrono/Mathyl Styrono/Indone Conclumor, Paraffinum
	Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Paraffinum Liquidum, Silica, Polyethylene, Parfum, Butyrospermum Parkii Butter, Aqua, Limonene, Citrus Paradise Peel Oil, Citrus Nobilis Peel Oil, Propylene Glycol Dicaprylate/Dicaprate, Nelumbo Nucifera Flower Extract, Phenoxyethanol, Xanthan Gum, Potassium Sorbate, CI 77891, CI 15850. US INCI
	Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Mineral Oil, Silica, Polyethylene, Fragrance, Butyrospermum Parkii (Shea) Butter, Water, Citrus Grandis (Grapefruit) Peel Oil, Citrus Nobilis (Mandarin Orange) Peel Oil, Propylene Glycol Dicaprylate/Dicaprate, Nelumbo Nucifera Flower Extract, Phenoxyethanol, Xanthan Gum, Potassium Sorbate, Titanium Dioxide, Red 6 Lake.
	New Typhoon Cold wax strip Dry - TDS 8222667:
	EU INCI Ingredients: Styrene/Methyl Styrene/Indene Copolymer, Paraffinum Liquidum, Silica, Polyethylene, Parfum, Aloe Barbadensis Leaf Juice, Butylphenyl Methylpropional, Citronellol, Potassium Sorbate, Sodium Benzoate, CI 77891, CI 47000, CI 61565. US INCI
	Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Mineral Oil, Silica, Polyethylene, Fragrance, Aloe Barbadensis Leaf Juice, Potassium Sorbate, Sodium Benzoate, Titanium Dioxide, Yellow 11, Green.
	New Typhoon Cold wax strip Sensitive - TDS 8190410: EU INCI
	Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Paraffinum Liquidum, Silica, Polyethylene, Parfum, Alpha-Isomethyl Ionone, Benzyl Salicylate, Butylphenyl Methylpropional, Hexyl Cinnamal, Linalool, Prunus Amydalus Dulcis Oil, Tocopheryl, Acetate, CI 77891, CI 77007. US INCI
	Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Mineral Oil, Silica, Polyethylene, Fragrance, Prunus Amydalus Dulcis (Sweet Almond) Oil, Tocopheryl Acetate, Titanium Dioxide, Ultramarines.
	New Typhoon Cold wax strip Normal - TDS 8222665: EU INCI
	Ingredients: Styrene/Methyl Styrene/Indene Copolymer, Paraffinum Liquidum, Silica, Polyethylene, Parfum, Butyrospermum Parkii Butter, Limonene, CI 77891, CI 15850. US INCI
	Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Mineral Oil, Silica, Polyethylene, Fragrance, Butyrospermum Parkii (Shea) Butter, Titanium Dioxide, Red 6 Lake.
Hazards not otherwise classified	: None known.
Code # : D8278945	SDS # : D8278945 v5.0 Date of issue : 15/02/2018 4/16

3. Composition/information on ingredients

Substance/mixture

: Mixture

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

4. First aid measures

Description of necess	ary first aid measures
Eye contact	 Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
Inhalation	: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
Skin contact	 Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
Ingestion	: Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed

Potential acute health effe	<u>cts</u>
Eye contact	: No known significant effects or critical hazards.
Inhalation	: No known significant effects or critical hazards.
Skin contact	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.
<u>Over-exposure signs/sym</u>	<u>otoms</u>
Eye contact	: No specific data.
Inhalation	: No specific data.
Skin contact	: No specific data.
Ingestion	: No specific data.
Indication of immediate me	dical attention and special treatment needed, if necessary
Notes to physician	 Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
Specific treatments	: No specific treatment.
Protection of first-aiders	: No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

5. Fire-fighting measures

Extinguishing media	
Suitable extinguishing media	: Use an extinguishing agent suitable for the surrounding fire.
Unsuitable extinguishing media	: None known.
Specific hazards arising from the chemical	: In a fire, hazardous decomposition products may be produced.
Code # : D8278945	SDS # : D8278945 v5.0 Date of issue : 15/02/2018 5/16

5. Fire-fighting measures

Hazardous thermal decomposition products	: Decomposition products may include the following materials: carbon dioxide carbon monoxide metal oxide/oxides
Special protective actions for fire-fighters	 Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Special protective equipment for fire-fighters	: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel	:	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
For emergency responders	:	If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
Environmental precautions	:	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods and materials for containment and cleaning up

Small spill	: Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
Large spill	: Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

7. Handling and storage

Precautions for safe handling		
Protective measures	:	Put on appropriate personal protective equipment (see Section 8).
Conditions for safe storage, including any incompatibilities	:	Store between the following temperatures: 5 to 40°C (41 to 104°F). Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

6/16

8. Exposure controls/personal protection

Control

Occupational exposure limits

Appropriate engineering controls	:	Good general ventilation should be sufficient to control worker exposure to airborne contaminants.			
Environmental exposure controls	:	: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In som cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.			
Individual protection meas	ures				
Hygiene measures	:	Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.			
Eye/face protection	:	Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.			
Skin protection					
Hand protection	:	Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.			
Body protection	:	Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.			
Other skin protection	:	Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.			
Respiratory protection	:	Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.

13. Disposal considerations

mathad	 ~~	-	-	•	
method	Sd	C	U	IS	U
method	Ja	U	μ	13	υ

: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Label elements	
Code # : D8278945	 For legs: Precautions Retain outer pack Read and follow all precautions and directions before use. Suitable for use on the legs, arms, underarms and bikini line. NOT SUITABLE for use on head, face, eyes, nose, ears, around the anus, genitals and nipples or any other body parts. Do not use on varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or on skin that has had an adverse reaction to waxes in the past. Always leave 72 hours between hair removal sessions. Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder. Waxing is not suitable for the elderly, diabetics or people taking oral retinoids. If you have not waxed before we recommend starting by removing hair from the legs. Only when you have experience then progress to the sensitive areas of underarm and bikini line. Before use, make sure your skin is dry, non-irritated, and free of creams, oils or deodorant. Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use. If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. If "Tips for best results" are removed to save space, the following precaution must be added here (Do not wax over the same area more than once) Skin may be more sensitive for a short time after use, so avoid scratching.

15. Regulatory information

	After use we recommend waiting 24 hours before using anti-perspirant, any other perfumed product, using artificial tanning equipment, swimming or sunbathing. If you run out of Perfect Finish wipes, you can use baby oil. Don't use water, soap or alcohol to remove the wax. KEEP OUT OF REACH OF CHILDREN. In case of ingestion, seek medical advice immediately and show outer pack. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Waxing is suitable for pregnant women but may cause bruising.
	Store any remaining strips in a cool, dry place.
	Bikini and underarms: Precautions Retain outer pack Read and follow all precautions and directions before use. Suitable for use on the underarms and bikini line.
	NOT SUITABLE for use on head, face, eyes, nose, ears, around the anus, genitals and
	nipples or any other body parts. Do not use on varicose veins, scars, moles, spotty, broken, irritated, sunburnt skin or on skin that has had an adverse reaction to waxes in the past.
	Always leave 72 hours between hair removal sessions. Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder.

Check with your doctor before using if you are on any medication which can affect the skin or if you suffer from any skin related disorder. Waxing is not suitable for the elderly, diabetics or people taking oral retinoids. If you have not waxed before we recommend starting by removing hair from the legs. Only when you have experience then progress to the sensitive areas of face. Before use, make sure your skin is dry, non-irritated, and free of creams, oils or deodorant. Before every use, TEST YOUR SKIN REACTION by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 HOURS there is no adverse reaction, continue to use. If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. Do not wax over the same area more than once. Skin may be more sensitive for a short time after use, so avoid scratching. After use we recommend waiting 24 hours before using any perfumed product, using artificial tanning equipment, swimming or sunbathing. If you run out of Perfect Finish wipes, you can use baby oil. Don't use water, soap or alcohol to remove the wax. KEEP OUT OF REACH OF CHILDREN. In case of ingestion, seek medical advice immediately and show outer pack. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Waxing is suitable for pregnant women but may cause bruising. Recommended Safety Label Language: For external use only. KEEP OUT OF REACH OF CHILDREN. In case of ingestion, consult a doctor immediately and show the outer pack. Before every use, test your skin reaction by applying and removing the product to a small part of the area you wish to treat, following the directions for use. If after 24 hours there is no adverse reaction, continue to use. If you experience any smarting/tingling during use, remove the product immediately using the back of a used strip, Perfect Finish Wipe or baby oil and then rinse thoroughly with cold water. If a burning sensation persists, seek medical advice. Avoid contact with the eyes. In case of contact with the eyes seek medical advice immediately. New Typhoon Cold wax strip Supreme essence - TDS 8222673: EU INCI Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Paraffinum Liquidum, Silica, Polyethylene, Parfum, Butyrospermum Parkii Butter, Aqua, Limonene, Citrus Paradise Peel Oil, Citrus Nobilis Peel Oil, Propylene Glycol Dicaprylate/Dicaprate, Nelumbo Nucifera Flower Extract, Phenoxyethanol, Xanthan Gum, Potassium Sorbate, CI 77891, CI 15850. **US INCI** Ingredients: Hydrogenated Styrene/Methyl Styrene/Indene Copolymer, Mineral Oil, Silica, Polvethylene, Fragrance, Butvrospermum Parkii (Shea) Butter, Water, Citrus Grandis (Grapefruit) Peel Oil, Citrus Nobilis (Mandarin Orange) Peel Oil, Propylene Glycol Dicaprylate/Dicaprate, Nelumbo Nucifera Flower Extract, Phenoxyethanol, Xanthan Gum, Potassium Sorbate, Titanium Dioxide, Red 6 Lake. New Typhoon Cold wax strip Dry - TDS 8222667: EU INCI Ingredients: Styrene/Methyl Styrene/Indene Copolymer, Paraffinum Liquidum, Silica,
